

## AUGUST NEW RELEASES

### THE A-TEAM

A group of four American soldiers who are in Iraq are accused of a crime they didn't commit and are sent to different prisons. After the leader of the group breaks out, he helps the rest of his team escape so they can clear their names with the U.S. military with the help of a CIA spook.

### GET HIM TO THE GREEK

As the countdown to the concert begins, one intern must navigate a minefield of London drug smugglers, New York City brawls and Las Vegas lap dances to deliver his charge safe and, sort of, sound. He may have to coax, lie to, enable and party with Aldous, but Aaron will get him to the Greek.
